#### The Program

Experience Seoul, Korea, one of Asia's most high-tech and modern cities. A complex blend of both Western modernism and traditional Eastern culture, Seoul is a city of contrasts that offers many unique experiences. Ewha Womans University is the largest women's university in the world and one of the top universities in Korea. Located in one of Seoul's fashionable sections, it has a beautiful campus with state-of-the-art libraries, museums and student facilities. Its well established international exchange program offers many classes taught in English that GSU exchange students can take for credit toward their degree at Georgia State University. Ewha also offers Korean language courses at all levels. Although it is a women's university, both men and women are admitted into Ewha International Co-Ed Programs.

#### Eligibility

This program is open to Georgia State University undergraduate students who have completed at least two years of university work prior to enrollment. Preference is given to students affiliated with the College of Arts and Science. Enrollment is limited to one or two students and is a competitive process. Students should have a GPA of at least 3.0. Although some knowledge of Korean is useful, it is not required.
