INTERNATIONAL BUSINESS & MARKETING IN NORTH AFRICA: STUDY ABROAD IN MOROCCO

This program will explore the changing business landscape in a frontier economy that is one of the most stable and fastest growing in North Africa. Lectures offered by Moroccan experts, company visits, and visits to cultural heritage sites will provide students with an impactful experiential learning opportunity. Morocco is one of the most diverse, fascinating and amazing destinations, and its economy is now becoming a model for many others in the region. We will experience Morocco, witness what it has to offer, and visit three of its world renowned cities: Marrakech, Casablanca and the capital city of Rabat.

Marrakech is mysterious and mesmerizing at every turn. Students will applaud the snake charmers, musicians and acrobats in the bazaar in Jemaa el Fna and marvel at the traditional Moroccan architecture of the Koutoubia Minaret, whose tower rises 230 feet into the air, or the ruins of the Bahia Palace.

Casablanca, on the other hand, is a city that embraces heritage and modernity where the various arts, cultures and old traditions can live harmoniously together. Casa’s new medina was built according to the traditional model. Casablanca is the economic and business center of Morocco, and the academic program is the city will comprise visits and presentations by Moroccan and international companies and organizations.

Rabat, the third leg of the program, is the political center of Morocco. The Moroccan capital was recently awarded second place in “Top Travel Destinations of 2013” by CNN, and is one of four Imperial cities of Morocco. The fabled Medina of Rabat is listed as a World Heritage site.

ELIGIBILITY

The program is open to undergraduate and graduate students who meet all academic requirements of the Georgia State University J. Mack Robinson College of Business. Program size is limited and participation is contingent upon acceptance by the Program Director.
