

# THE UNIVERSITY OF NORTHUMBRIA, NEWCASTLE

## Academic Exchange Program: Academic Year

Sponsored by the College of Arts & Sciences and the English and History Departments

### THE PROGRAM

This program is aimed at English and History majors typically with about two years left of their degree. It offers a total immersion experience. You will spend an entire academic year at the University of Northumbria, Newcastle, studying, living, and traveling with all the experiences of a British student. A one-semester option is now negotiable. The benefits of this program are immeasurable and long-lasting. The complete immersion into British and European cultures that an entire school year living, studying, and traveling allows will change your perspective on yourself and the world around you. Graduating with a grounding in British and American Cultures and the title of "Fellow" gives your degree an edge over the many 100s of other majors across the country every year. Our graduates from this program have been accepted into some of the most esteemed graduate programs and law schools across the United States, Canada, Australia, and the United Kingdom.

Students have likened their experience in this program to being in an exclusive Liberal Arts program within the expanse that is GSU. The bonds they have created during their year abroad and then back home, moreover, have proved permanent, cementing careers, businesses, and relationships. The reciprocal nature of the program means that you pay GSU tuition and fees for your year in Newcastle. HOPE and other scholarships and loans continue as if you were here. The program takes you on field trips to such wonderful sites as Hadrian's Wall and Durham Cathedral (resting place of the Venerable Bede and location for Harry Potter scenes). You will also have the opportunity to take be involved in the exciting American Studies Programme at the University of Northumbria, with its world-renowned faculty: <https://>
