ATLAS Student Certification

About: In addition to the IEF and Global Experience Scholarship programs, the International Education Fee also supports faculty-led programs by funding the student assistant program ATLAS (Aspire, Travel, Learn, Achieve, Share). The ATLAS program allows study abroad students to work for their program director before, during, or after their study abroad program. Please note: only one ATLAS student is permitted per program.

Instructions: ATLAS Students receive a $500 reward that is posted to their student account. Please note: ATLAS awards are posted directly to a student’s account. ATLAS students can only receive an award during the term in which their Study Abroad program takes place. The $500 ATLAS award is tied to the Financial Aid disbursement dates by term:

- 3rd Week of August for Fall Programs
- 2nd Week of January for Spring Programs
- 3rd Week of May for Summer Programs*

The below section will need to be filled out and delivered in person to the Study Abroad Programs office upon completion of service. Advance hours are accepted. This form serves as confirmation that the student has fulfilled the requirements of the ATLAS award with their program director.

*If ‘Intent to Study Off Campus’ form has been completed.

I certify that ________________________________ has completed all service associated with the (Print Student’s Name)

ATLAS student position.
